- 2) The accounts above have records inside the Account link.
- 3) Click on the Account Link
- 4) Click on the Saving Account
- 5) The displayed transaction history now either does not have any credit /debit entries OR all the entries are in the Credit column only

### Expected results

- 1) Create random REALISTIC Credit and Debit entries , credit 200.00. Debit 156.65 for groceries, , etc, etc,
- 2) Entries should look realistic, eg, Not all are Credit entries then suddenly all are Debit entries. Entries should be mixed.
