<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Spent time:</b>	0.00 hour

#### Description

##### Jira [PIIUC-243]

#### Background

Merchant Category will need to sort in ascending order according to the Category Code in Mobile App. However, the current Category Code are sorted according to the first number of the code instead of ascending order, the string field type has causes the disruption in sorting of the said field.

#### Enhancement

To change the Category Code field type from string to numeric.

#### Expected Result

Category Code field type changed to numeric (backoffice & API), able to sort in ascending order.
