Bug [#14889](#) transaction history change to ngrx

#3 - 27 December 2022 09:27 AM - Pui Shan Lee

- *File Receipt.png added*

- *Status changed from Resolved to Feedback*

(IB) Issue:

History → no options in dropdown menu

Expected:

History → Options will show

Possible solution:

in transaction-history.html (web)

line 36:

```
<nz-option  
  *ngFor="let trans of transactionTypeList; let i = index"
```

```
[nzValue]="trans"
[nzLabel]="trans.transactionTypeDescription"
</nz-option>
```

in transaction-history.ts

replace this.requestMobileTransactionHistoryEntityService.entities\$.pipe(with the lines of code below

```
this.requestMobileTransactionHistoryEntityService.entities$.pipe(
  takeUntil(this.unsubscribe$),
  filter((res) => res && res.length > 0),
  map((res) => res[0])
).subscribe((res: any) => {
  if (this.commonService.isSuccessResponse(res)) {
    console.log(res?.body)
    let data = res?.body;
    if (data.pexReqTransList) {
      this.store.dispatch(
        new RouterActions.Go({
          path: 'TransactionHistoryListPage',
          query: {
            response: data,
            title: this.transactionType.transactionTypeDescription,
          },
        })
      );
    }
    if (this.statusList.length <= 0) {
      this.statusList = data.statusList;
    }
    if (this.transactionTypeList.length <= 0) {
      this.transactionTypeList = data.transactionTypeList;
    }
    this.cdr.detectChanges();
  } else {
    this.store.dispatch(
      CommonActions.CommonFailed({ payload: res.error })
    );
  }
});
```

then, add a line after the curly bracket of **let param**

```
this.commonService.showLoading();
```

MB Issue:

An error message appeared when "Search" button is clicked

Steps:

1. Login
2. Side menu -> History
3. Transaction History
4. Select "Request Mobile (Send)" as the first input which is Transaction Type
5. Randomly select "status"
6. Click "Search"
7. Error msg pop up [Status Text: no res]

Expected outcome:

Able to display transaction history

Possible Solution: -

(IB) Issue:

1. Select desired options.
 2. Click 'Search'
- No result showed up.

Expected:

The transaction history shows up after clicking the 'search' button.
