

VIRTUAL CREDIT CARD - Bug #16500

Android [TREATS] It is still calling loyalty id when the treatsFlag= false

15 May 2023 09:25 PM - hsulynn pang

Status:	Closed	Start date:	15 May 2023
Priority:	High	Due date:	
Assignee:	hsulynn pang	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description Actual result: It is still calling loyalty id when treatsFlag= false Expected result: (1) -BE return treats flag: true, then FE do the UPAY card checking -if it is NOT UPAY bin, DON'T need to call loyalty id -if it is UPAY bin, need to call loyalty id (2) -if BE return treats flag: false, then FE dont need to do the UPAY card checking.. also no need to call loyalty id because not involve treats module
