[NA-4][iOS] Lack of Screen Caching Prevention

30 May 2023 03:49 PM - Nor Khairun Aqila Jesmen

Status:	Closed	Start date:	31 May 2023
Priority:	High	Due date:	31 May 2023
Assignee:	wanansari wanansari	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	2.00 hours
Description Description: The application may expose sensitive information via the app switcher. Recommendation: Overlay an image as the application enters the background state or explicitly mark the fields hidden via the View Controller. Fixes: Remove sensitive information from views before moving to the background. https://stackoverflow.com/a/7520307 Fixes to be apply on version 3.9.7
