Control number of enter for pagination in data table

<https://dev.silverlakemobility.com/gitlab/mleb-solution-domain/smesd100/mleb-iam/-/commit/861f94b97c9b5ab23f0916605686fe4d4b989177>

#7 - 11 January 2024 03:42 PM - chok yee fan

chok: cciam datatable resolving use totalRowsPerPage directly instead of using pageIndex, cause not being update into pageSizeOption

<https://dev.silverlakemobility.com/gitlab/mleb-solution-domain/smesd100/mleb-iam/-/commit/a30b3b7b97426670c6213f368f95a332d6b9924a>

#8 - 11 January 2024 03:43 PM - chok yee fan

chok: cciam datatable p-2 tp p-1

chok: cciam resolve the unique key prop

chok: cciam still show pagination if no record found

chok: cciam resolve the problem for datatable issue

#9 - 11 January 2024 05:14 PM - chok yee fan

chok: cciam datatable use isLastBtnClick to set back the lastPageIndex into datatable.

<https://dev.silverlakemobility.com/gitlab/mleb-solution-domain/smesd100/mleb-iam/-/commit/3115f7c2fddc132e58c562ad0897223d2360cc3f>

value of goToFirstPage pass in wrongly.

Correct way:

- if first page/1/first button, goToFirstPage=true
- if last page index/last button, goToFirstPage = false
- the rest, goToFirstPage= null

#13 - 22 January 2024 05:02 PM - chok yee fan

- Assignee changed from chok yee fan to Tan Jiau Yan

please write down what are the steps cause the goToFirstPage pass wrongly.

#14 - 23 January 2024 10:15 AM - Tan Jiau Yan

- Assignee changed from Tan Jiau Yan to chok yee fan

Steps cause the goToFirstPage pass wrongly :

W/O total count

1. First time search the page and data table display, goToFirstPage pass in correctly, goToFirstPage true.
2. Increase by using arrow / typing / next button, goToFirstPage pass in wrongly, goToFirstPage will always null until last page index.
3. Decrease by using arrow / typing to page index 1, goToFirstPage pass in correctly, goToFirstPage true.
4. Decrease by using previous button to page index 1, goToFirstPage pass in wrongly, goToFirstPage == null.
5. If straight click last button, goToFirstPage pass in correctly, goToFirstPage = false.
6. If straight click first button, goToFirstPage pass in correctly, goToFirstPage = true.

When page size changed without total count :

1. Although always to first page, 1 but the goToFirstPage pass in wrongly, goToFirstPage == null.
2. Increase by using arrow / typing / next button, goToFirstPage pass in wrongly, goToFirstPage will always null until last page index.
3. Decrease by using arrow / typing to page index 1, goToFirstPage pass in correctly, goToFirstPage = true.
4. Decrease by previous button to page index 1, goToFirstPage pass in wrongly, goToFirstPage null.

With total count :

1. Increase by using arrow / typing to last page index, goToFirstPage pass in correctly, goToFirstPage false.
2. Decrease by using arrow / typing to 1, goToFirstPage pass in correctly, , goToFirstPage true.
3. Increase by using next button to last page index, goToFirstPage pass in wrongly, goToFirstPage null.
4. Decrease by using previous button to page index 1, goToFirstPage pass in wrongly, goToFirstPage null.
5. If straight click last button, goToFirstPage pass in correctly, goToFirstPage false.

6. If straight click first button , goToFirstPage pass in correctly, goToFirstPage true.

When page size changed with total count :

- 1. Although always to first page, 1 but the goToFirstPage pass in wrongly, goToFirstPage null.
- 2. Increase by using arrow / typing to last page index, goToFirstPage pass in correctly, goToFirstPage false.
- 3. Decrease by using arrow / typing to 1, goToFirstPage pass in correctly, goToFirstPage true.
- 4. Increase by using next button to last page index , goToFirstPage pass in wrongly, goToFirstPage null.
- 5. Decrease by using previous button to page index 1 , goToFirstPage pass in wrongly, goToFirstPage null.
- 6. If straight click last button , goToFirstPage pass in correctly, goToFirstPage false.
- 7. If straight click first button , goToFirstPage pass in correctly, goToFirstPage true.
