This one also happen in department tab

Issue:

Go to department tab > select data in the table > click cancel > click add > the form had been filled

Expected :

Go to department tab > select data in the table > click cancel > click add > the form should not been fill

Issue fixed:

Checked For:

Organisation profile and department tab

Bug [#19666](#) - fix form being filled after previously viewing record

Go to Organisation profile -> click search -> select the data in the table -> click department tab -> click search -> select the data in the table -> click cancel -> click department tab -> click add -> now the form are not been autofill.

#5 - 26 February 2024 04:24 PM - chok yee fan

- *Status changed from Feedback to Closed*

testing working as expected
