| Description | | | |
| RetrieveTaskTransaction - This is from Dashboard | | | |
| - There are few sections with "Pending items list" | | | |
| - When clicking on Pending items: will crash | | | |
| - need to make sure each item and of each sliding session is working WITH EMPTY list. | | | |
| | | | |
| However, need to make sure if every single pending button will crash [WHICH NOT SUPPOSE TO CRASH - because it's still able to display empty list/ items on the screen] | | | |
